

No matter what, I'm going to tell you the story that your threats are passing me 10 feet over my head Guilty or not:

The liars who accused me and drove to the electric chair and who extorted and killed me bigger guns than you say threaten me too much that I will confront you a second time you who destroyed the evidence of the first trial that all that was true was the most, America's crime and land of vengeance. The blood that flowed from your hands is you who made it flow and no! Me ! You who rule the world so the dead were never dead and their money never had money So I can calculate how many billions you have extorted from the dead that they had died in court! So I was never with Britney Spears in 2007 according to you and justice exactly as in 1994 and 1987 that we backed down in 1984. So let me tell you that the repetitive plot is the same as after killing and extorting money from big stars you revived them as if you never killed them and never stolen even though in court had proved that the dead were proven you destroyed the evidence so I go according to the judgments in court: "in 2007 in court Britney Spears I had with her 3 billion five hundred and seventy million Paris Hilton one hundred and sixty-ten million Janet Jackson one hundred and forty million my uncle Albertan billionaire eleven billion Bill Gates five billion Aerosmith hundred-sixty-eighteen-eight million "So I'm going to make a summary of what you say that I posed as a gesture that you You've managed to accuse me but it was proven that it was not me and this summary is probably before being sentenced to death or to end my days in jail but you will be the drafts which are the true drafts and true killers of the land that you had eaten live from villages in Brazil filmed on camera and in the United States 15 thousand people and the street Mount Royal in Quebec and has the whole earth kills right now and since I came back to the life that I was right! was all the land that they had to kill a single shot and not to let 200,000,000 Arab and 5,000,000 Chinese and 200,000,000 Cubans and 300,000,000 African living and flying saucers that are exterminating Gods are you the real culprits and FTW world to shit ... So now that we only do one more and our machines in the head are so that we can not think for ourselves anymore and that of all this that I will say and do is deny to be from me we are beautiful and well prisoner of this civilization that you want to be really all against one that what I thought yesterday you say it as being from you to kill me that to say that I am of you I know very well that the number of bird and rat and old human animals does not come from a god but from his treats of exterminating bandits and jealous of me that I will continue to tell you all I have to say to those who made millions eat s of humans and who continue not to be crabs ... So Celine Dion was my sister and died in 1995 in Japan burned alive and when I came back to Quebec I lived on the street of the esplanade and in 2007 the police told me that the photos I have are now the only evidence of Celine Dion my sister and me are husband she died with 180 million,extorted by the Dion family, here is a picture in Magog where a limousine was waiting for us to prove it was in court: <Photo 1> and here is the picture of a dead policewoman who had plastic surgery to replace my sister temporarily whose prisoner I was free <Photo 2> you can tell what you want but you tell the story of someone and me is my story that I tell because my life is over and in my story there is also Faith Hill dead and extorted Wilson Phillips dead and extorted and also Rene Angeli who was my friend and friend of Celine my sister and all had been heard in court so judgment made public. That our daughter was entrusted to our family that we paid them \$ 80,000 and 50,000 that my mother and my three brothers died and our daughter was a biker prisoner and ended up being killed by a man named Plourde à L' Perrault <Photo 3> I'm going to go back to how Faith Hill and the Wilson Phillips died but before that back in 1987 that we came back in 1984 that my father was Peter Gabriel I'm going to show you the photo that was a proof in court that I was Colonel Mario Rockefeller the picture was taken by two military police <Photo 4> Me my family are those who have the same father and the same mother on the batistère those who supported me and that I lived with them because my mother today did not lay me and my father did not fertilize my mother. So the story of Wilson Phillips is that when I was with Celine Dion I had met a little before the Celine show in the United States the three member from Wilson Phillips that I was sitting on a grassy butte in jeans and white shirt and long hair and they came forward saying they were the Wilson Phillips and they wanted to be my friend and I told them why we were I have the same style, I have long hair and I wear faded jeans and answered me is just you are beautiful young and relaxed we love you that they became friends and me and Céline were a couple very open and I had lovers and they became my lovers and started working with them on their albums and their videos which video you in love and was turning the video your in love that they died that when we had filmed the scene in the street with the actual public that when she climbed from the side of the road to walk down the street the public killed the three Wilson Phillips. So Celine Dion in 1988 had with her song do not leave without me! Had started an international career that what you will deny because of dates is for years a big-time humbug of this world and big stars to stop the time and to go back we are a world a bit like "Extra-Terrestrial because I recollected my money that remained on the name of Francis Laplante in 1988 125 million and had made career two years and then again the same people I was just like in 2008 that I went from 2007 to 2009 and slept 5 years and woke up in March 2008 as if I had never been with Britney Spears when the big ones of this world died and extorted <Photo 5> So the video of Wilson Phillips was shot in 1994 and Céline we had a career in 1994 but when we were in Quebec with Faith Hill at a press conference and she died planes backed the time a is moreover until 1992 that they wanted to back down and that I had already changed of body and when my relatives died I made them revive and the last baby that I had with Céline his photographs were always the proof of what they were trying to kill us and replace us with the bateme the one who tried to replace Céline is the picture on the left and the one on the right is Céline <Photo 6> <Photo 7> and closer: <Photo 8> <Photo 9 I wanted to appear in the video of Wilson Phillips and thought what you want but was me in the video: "You're in love" <Photo 10> <Photo 15> And here another Photo of the proof: Céline Dion in China <Photo 12> So I'll finish by telling you that my daughter at the age of two was killed strangled by a skyzophrenic and that Faith Hill and Rene Angelil died and relived sitting on a large white tablecloth table where to please the gratin Québécois the planes

invited and that I had given it in life and that it had 170 000 00 million and that those who killed it stole 150 000 000 and that it remained to him 20 000 000 but that they retook it a second time and that which revived in the body of Faith Hill was not the real Faith Hill that from that moment on they wanted to back down time ... Me you will accuse me but all that I lived in my life are not that dramas and complements like that of Britney Spears in 2008. So I continue and I tell you about the complot that is the same On this Photo is me and my sister Céline Dion she has two pistol under her coat and I have a pistol under my jacket and we see the shapes of the pistols and we investigate the twenty dead:

<Photo 14> So the story of Celine Dion and her sister is complicated that there were three Celine Dion and she were three sisters that one day I met Celine Dion in 1987 on the bizarre Island she was in car and opened her door and called me by my name Francis and told me that she was my sister of Saint-Eustache in 1981 that she was performing and was replaced by another half sister that I denounce my story e I have been a victim for 30 years and I had so much operation of lobotomy and sequel all that because I was beautiful and well regularly rich one day and poor the other day that accused is one and denounced is different and denounced with evidence is another thing if you claim that his photos are not evidence was that the government has tampered with my case because in court his photos were evidence that was sad for my sister but my sister died a Christmas Eve e day n 2000 some and that since I was nice and that I had already been the husband of my sister I lived and was the chum of my sister! That in 2007 my sister confirmed it to me but we are not the only ones in this situation and on the batistère we are brother and sister (29/03/09 10:34)

So Céline on the bizarre Island had taken me into her car and toured the island and she had René Angelil as a boyfriend and one day I went to Boucherville at Celine's and one day I proposed to Rene Angelil to come to my home on Bizarre Island and we learned that my sister was his half sister like me but they were not sure about my brother because he thought they were killed in Saint-Jo and we had learned again that my father's family had aunts of my name from 1977 who were his mother's sisters and had changed their family and name that in fact I had become Celine's only friend and I accompanied him to the studio and René loved me a lot and loved my family and loved to come to us on Bizarre Island and I had two very jealous brothers. She had \$ 200,000 dollars and her record was almost near that I told her why do not you buy a condo on the set or did I have a friend and there was a condo to rent or buy downstairs? my friend on Cherrier Street and she bought the condo and she went to bed at 8 o'clock every night four times a week I went to her window at seven o'clock in the back yard and jazzy an hour with him and made him a hug before leaving her. So I fell in love with Celine who was not the same age as my sister she was 3 years old to be sincere of my memory that I remember older than me and Rene Angelil had become jealous that Celine was coming to us at night and we did not make love but we would be staggering when she wanted to, and one evening René Angelil died killing someone who made contact and wanted to take his body and become René Angelil and Céline is also dead René had lost his body but polite this from Montreal made him live again in another body but he did not remember anything he did not remember he was René Angelil and wanted to do the same with Céline but me who had an operation in 1987 that we had retreated the time until 1984 I was smaller and had rather proposed that we do this operation and I loved Céline and operated also I loved it but become too young for me that was at that moment that my sister who resembled him like two drops of water took his place because I was waiting for my 125 000 000 \$ at the time I had been operated that we wanted Céline to have a second career about two years later of his operation and restored the body to Rene Angelil later that the one who had taken his body was a con! (28/03/09 20:42 but I wrote today before 20:00) So I spend bits Of the history ! What happened to the story that I lived and that those who lie in the bottom party and interest they have are the character that they appropriated person that I was or is to get in a way or another the good ones who have and perhaps belong to me again! who is and has been a victim of: Government fraud and justice. That I was a billionaire when I was colonel and that I had been saved France with my army. (29/03/09 06:40 am) France who had mourned as soon as American biker become an armed that the French would have been dead and have been among those who have been the worst and more criminal that their president is a real bandit a real danger legalized and thief of my two edifice whole demented glass worth 500 000 000 \$ that he has the Arabs become a big part of their populations have been more sharks and murderer since they killed millions of people for their bodies to inhabit the body of a white here at the beginning of the drama there had been a millions of beautiful people killed that his French before the dramas was fervent slaughterhouse fans that the French hated the idea of ??having Quebec as a population and that of course they ended up accepting Quebec but preferred the bi arabs educated and filled with traditions as Algerians that Quebecers mocking bad guys I know who are now French and they are so good in France France thief and selfish I know the sad story of France but it is not sadder their history they were of those who hit the strongest The Arabs had tracked them into their bunker to recover \$ 40 000 000 000 stolen \$ 30 000 000 000 to the Americans and 11 000 000 000 \$ in Quebec and that they told me that when they woke me in 2008 they told me that it was 25 years ago that I could not do anything after 25 years that I could not continue after 25 years and that they was so good and lived so comfortably and that my Britney Spears married with an Arab was made with six children and two of my children become so grown up. France was like Italy and England that I personally was told that the Italians were going to kill the Italians of Quebec and take their bodies and said of their modern Italian university and civilized children that they were gay that the fathers of the Italian Mafia often killed their children that I was a colonel and I was talking to the Queen of England on the phone you I told him I was his son that what happened was a mistake only as a colonel to three I gave a clear warning not to take back possessions of their armies to become masters of the world that the survivors were on their way to kill us and that the end of the world was planned and that 10,000,000 English

population and 10,000 000 of American was enough and with the bombs falling asleep the death was sweet contrary to their ends of the world that the English notices the biggest armed of rats in the world and left to get away and that in 1 987 the ex-Urss had won over the whole world and that the English people were true elders of the former Urss and also in the Americans that I was in politics with Britney Spears and that the village of Britney took for us that he loved me very much knew that I was Quebecois they were 15 miles in the village and that at the end of the world they killed me by killing the village by having them eaten by rats the 15 000 head that they lied on their intentions that western canada had started their rats on those took for me and Britney that i was against those who wanted to keep on wanting the rats and continue this threat of being eaten by rats those who are not theirs and being an alien vengances that I had suffered a lot and seen a lot of my entourage suffer from his rats that I had been trapped in a hatch and that I was even eaten in the face that the color of my skin is different ` because they're me have grafted skin that I notice seen Britney be eaten but that just before the second floor there was duex Britney and I myself change my body regularly! as a pisoner I was in the Montreal metro that they had pistols and desrats in their bags that I prevented them from killing us because I still had 140 000 000 and that I was a woman in a corp wife and my daughter who was 16 years old was in a 22 year old female cop and Celine Dion after I was accused by the family her story and she had become a story of love and friendship that Celine could me love and leave Rene Angelil that she had it was also ruined that the boss in the family was his brother and that his brother ended up suffering a lot and I ended up being accceoter in the family as was a brother whom in justice they had recovered their money and helped me get mine back
